

It's time to get comfortable.

Affinity™ Series Air Conditioners

AFFINITY™ SERIES
CZH MODEL
18 SEER

Think about all the things that make your home comfortable and you'll realize that all your choices reflect a style that is yours alone. At York, we think that spirit can extend to your air conditioner. That's why our York® Affinity™ Series Air Conditioners were designed from the ground up for both comfort and aesthetics. You'll find reduced noise, efficient performance, and long-lasting value that fit your style.

Save with ENERGY STAR® products.

York® products that meet or exceed U.S. Environmental Protection Agency energy efficiency standards of 14.5 SEER qualify as an ENERGY STAR® product. That means when you compare them with standard models, you'll find ENERGY STAR® products provide a higher level of efficiency, cutting electricity consumption and cost.

Feel good with the Good Housekeeping Seal.

York® products that bear the Good Housekeeping Seal give you the added assurance of product replacement or refund of the purchase price if the product proves to be defective within two years from the date sold by an authorized dealer.

Always quiet.

Silence is golden—which is why York made the investment to create the QuietDrive™ System. It features a swept wing fan for smooth airflow, a composite base pan to distribute and dampen sound, and an isolated compressor compartment to reduce noise so you—and your neighbors—enjoy peace and quiet.

What's your favorite color?

Only York® Affinity™ models give you a palette of designer colors to choose from. Just select the color that best complements your home. And because they're painted with automotive-grade powder coating, Affinity™ Series colors are as long-lasting as they are good looking.

Advanced R-410A refrigerant.

Like a heart, your comfort system circulates a fluid—called a refrigerant—to function properly. All York® products with R-410A use an advanced refrigerant that doesn't harm the ozone layer while providing reliable, efficient performance for your home environment.

Affordable peace of mind.

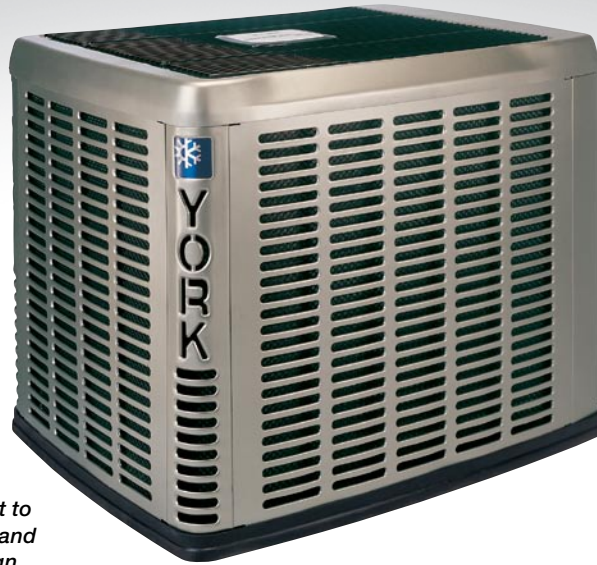

Select York® systems installed after May 1, 2009, include a 10-year limited warranty on parts as standard coverage (when you register qualifying products online within 90 days of installation, otherwise the parts warranty reverts to a 5-year parts warranty). See your York® Dealer for details.

- Seven color choices make it easy to complement your home's exterior.

- Impressive durability comes from automotive-quality powder-coated paint, plus sealed electrical contactors and rigid base pan.

- Super-quiet operation is brought to you by the QuietDrive™ System and innovative swept blade fan design.

- Superior efficiency is one of the results of using environmentally friendly R-410A refrigerant.

- Feel reassured with an outstanding limited parts warranty, plus impressive compressor warranty coverage.

- Two-stage operation provides exceptional comfort even in difficult weather conditions.

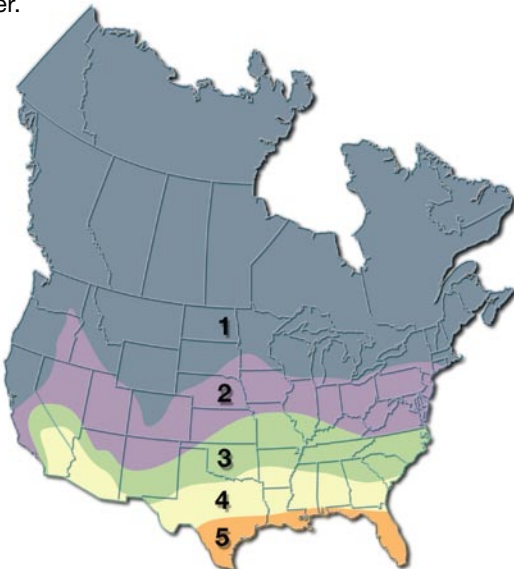

- ENERGY STAR® qualified means more efficiency with less electricity.

Higher efficiency means higher savings.

Affinity™ air conditioners can provide double the efficiency of older models. To use the map and chart, determine the SEER of your current system. Then using the map, find your zone. Cross-reference your zone and SEER in the table to determine your approximate operating cost. Take the difference between your current cost and that of a new, more efficient Affinity™ System to learn your estimated annual savings.

Affinity™ Series products are available with environmentally friendly R-410A refrigerant. This “new generation” refrigerant releases heat more efficiently while being safer for the ozone layer.

Cooling Efficiencies SEER	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5
6	\$ 479	\$ 614	\$ 833	\$ 866	\$1,359
8	\$ 359	\$ 455	\$ 625	\$ 649	\$1,020
10	\$ 288	\$ 368	\$ 500	\$ 519	\$ 815
12	\$ 239	\$ 307	\$ 417	\$ 432	\$ 680
13	\$ 222	\$ 285	\$ 386	\$ 402	\$ 631
14	\$ 207	\$ 265	\$ 360	\$ 375	\$ 589
15	\$ 192	\$ 246	\$ 334	\$ 348	\$ 546
18	\$ 161	\$ 206	\$ 280	\$ 290	\$ 456

(Based on 2005 DOE national average price for electricity [0.0945/kwh]. Assuming the use of 36,000 BTU nominal capacity. Cooling based on Bin data. Operating cost based on 2,100 sq. ft. and occupancy of 4 people. Actual savings may vary.) Seasonal Energy Efficiency Ratio (SEER) is a measure of air-cooling efficiency.

MODEL	DESCRIPTION	TONNAGE RANGE	REFRIGERANT	LIMITED WARRANTY
CZH	18 SEER	2–5 Ton	R-410A	Lifetime compressor*, 10-Year parts**

For additional product details, such as weight and dimensions, visit www.york.com or ask your York® Dealer.

*Lifetime limited compressor warranty applies to a matching York® system consisting of an Affinity™ AC/HP, Affinity™ furnace or air handler and York® coil. Non-matching York® system reverts to a 5-year limited parts warranty and a 10-year limited compressor warranty.

**For 10-year limited parts warranty, system must be installed after May 1, 2009, and registered online within 90 days of installation. Otherwise the parts warranty reverts to a 5-year limited parts warranty.

Complete your home comfort system by asking about ways to improve your indoor environment and protect your family's health with our Total Comfort System™ approach to indoor air quality.

Make a smart choice: York®

Choosing the right dealer is the first step in selecting the best system for your home. Your York® Dealer is trained to give you professional home comfort services, including:

- An evaluation of factors such as your home's size, age, number of rooms, climate characteristics and utility costs
- A system recommendation that fits your family's comfort needs, your home, your lifestyle and your budget
- The assurance of proper installation and customer care, including warranties and maintenance options

Stay comfortable for years to come.

York is proud to offer the YorkCare™ Comfort Plan. It's designed to maintain your system as well as your peace of mind. With YorkCare™ you get total protection that ensures your unit is effective and efficient for years to come.

What's more, your York® Dealer offers maintenance agreements that provide upkeep while maximizing the warranty provisions. Ask about the YorkCare™ Comfort Plan. A little extra coverage is always a comforting idea.

Long story short—our history.

You've probably enjoyed York engineering for years without even knowing it. We have, after all, designed and implemented heating and cooling systems in some of the world's most famous structures, including the U.S. Capitol building, India's Taj Mahal, the Sydney Opera House, the entire U.S. Navy nuclear submarine fleet, and even venues such as your local mall and corner bank.

There's a reason people trust us with the big jobs. We've been doing this a long time. Over 130 years, in fact. In that time, we developed the first successful room air conditioner and cooled the world's first theater, hotel and office building. We're constantly leading the industry in our design and our technology. And our commitment has earned our products the Good Housekeeping Seal of Approval. No matter what the scale, chances are we've developed an efficient, durable and effective solution for it.

You can depend on York to give you the choices you trust for comfortable performance all day long, year after year. Want to know more? Contact your York® Dealer. They have 130 years of innovation to tell you about.
